FELIX FERNANDEZ

Felix holds a diploma in Electronics & Information Technology from the University of Applied Sciences in Frankfurt with a specialization in software simulation environments. He has a long track-record in the exchange industry and joined the Rmetrics Association Zurich as Financial Industry Research Fellow in May 2016. In this role he was engaged in the transfer of academic research results into real-world applications within the financial industry. Since November 2016 Felix is responsible for developing the OpenMetrics Solutions business and implementing a product framework, which creates sustainable value for our clients.
